NOT TO BE MISSED

Meshing Mining with Technology

Written by Sagar Chandra, Vice President of Business Development – LATAM

It is no secret that mining operations pose harsh conditions and can be hazardous. The priority of all employees and managers is to ensure safety while maximizing operational efficiency. As such, rapid advances in technological innovation have a fundamental impact on the mining sector, and communications play a vital role in improving individuals' safety and increasing operational efficiency...

IN THE "SPOT" LIGHT

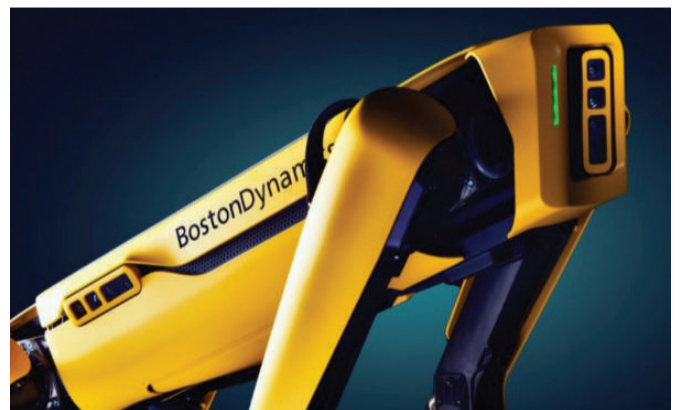

Spot, Dynamic Robot Dog, Hired as New Employee in Alberta Shell Refinery

Check out the *Tech Times* article about the two Boston Dynamics Spot robotic dogs patrolling the Shell Alberta refinery. The article does a great job articulating the roles Rajant, Trimble Inc., and FLIR Systems play when it comes to Spot's capabilities.

Straight outside a science fiction story- Shell's Scotford Complex in Fort Saskatchewan, Alta has gained two new employees, and they're not human.

Two Boston Dynamic robot dogs- marketed as the product "Spot"- were added to the team. Shell uses these two bots to complete the dangerous and mundane tasks in the plant...

STRATEGIC NEWS

Rajant Partners with Russia's CompTek

Kinetic Mesh wireless network provider Rajant Corp has entered into a strategic distribution agreement with **CompTek**, a Russian reseller of network and telecommunication equipment.

This partnership represents Rajant's further investment in Eastern Europe and CIS to increase support of machine-to-machine connectivity and mobility in markets like open-pit mining, underground mining, indoor warehousing, ports, and other industrial markets...

MEET THE TEAM

Liz Gyuris Marketing & Promotions Manager

What attracted you to Rajant?

What attracted me to Rajant is the relaxed, fun, workspace. People in the office are very welcoming and always willing to lend a helping hand. I also enjoy that we are a global company and get to work with people from all over the world.

What do you do at Rajant?

I wear a lot of different hats in my job so there is no typical day! In the marketing department, I plan company events, coordinate tradeshows, and organize and maintain promotional materials.

What do you enjoy most about your job at Rajant?

I'm learning and getting experience in situations I know wouldn't be possible at any other company or job. I also enjoy collaborating with different departments.

What do you like to do when you aren't working?

Living a healthy lifestyle is important to me. When I'm not working, I enjoy being active. I could be going to the gym, doing yoga, going for a walk, or run. Practicing mindfulness is something new I started doing in quarantine.

If you could pick up a new skill in an instant, what would it be and why?

If I could pick up a new skill it would be singing. I love music and singing to my favorite artists but it doesn't sound good, haha!

Are you reading any books right now?

Yes. The book I'm reading right now is "Food Matters: A Guide to Conscious Eating" by Mark Bittman. This book has taught me a lot about the food consumption of the world today and how it's negatively affecting the environment.

Looking back, what advice would you give to yourself at a younger age?

Don't try to grow up too fast, enjoy where you are at! I think everyone gets this advice they just don't listen.

What is the best advice you've ever heard?

Choose who you spend your time with carefully, as we become who we surround ourselves with.

2021 Rajant Partner Summit Americas & Charity Golf Tournament

Rancho de los Caballeros
May 11 - 14, 2021 | Wickenburg, AZ

TIME TO RECOGNIZE

2021 Best Places to Work in Kentucky Announced

The Kentucky Chamber of Commerce, the Kentucky Society for Human Resource Management (KYSHRM), and ClearPath Mutual Insurance Company announce the 100 companies (in alphabetical order) that made the 17th Annual Best Places to Work in Kentucky list. The winner rankings will be announced at an awards dinner Thursday, June 17, 2021, at the Central Bank Center (formerly Lexington Convention Center). The selection process is based on an assessment of the company's employee policies and procedures and the results of an internal employee survey...

WHERE NEXT?

What: [MiningWorld Russia 2021](#)

When: April 20-22, 2021

Where: Moscow, Crocus Expo

MiningWorld Russia is Russia's leading mining and mineral extraction machinery, equipment, and technology event and an internationally-recognized trade show servicing the mining and mineral extraction industry for mining professionals. As a business platform, the exhibition connects equipment and technology manufacturers with buyers from Russian mining companies, mineral processors, and wholesalers interested in buying the latest mining solutions. If attending, stop by and visit Rajant at the Exhibitors Hall. Hope to see you there!
