

IoT Infrastructure

ED Server – XS Size

IOT ENABLING EDGE MICRO-SERVER

Edge micro-server that allows configuration, management and monitoring of the IoT platform.

Through a LAN connection, it can configure & control Wi-Fi LED fixtures and upload IoT services Apps.

To do so, the ED Server provides MySQL DB, MQTT Broker & Protocol virtualization.

Product Features

Product Code	50.100005.004
CPU	ALDER LAKE N100 QUAD CORE 3.4 GHZ BIOS AUTOMATIC RESTART
Storage	256 GB – 1TB
RAM Size	8 GB DDR4 max 16GB
OS	Windows 11 Windows 10 LINUX
Display	HDMI + VGA
Connectivity	Wi-Fi / BLE 4.2 / expansion LTE
Network Port	1 port RJ-45 -10/100/1000 Mb/s
Wireless Type	802.11ac
Interfaces	2 USB + 4 USB, AUDIO, MIC
Power	DC 12V ext PSU 110-240V
Dimensions	mm 226x113x267
Weight	1,6 kg
Hardware Platform	PC
Warranty	1 year
